CAMPBELL IN NEED OF NEW HIGH SCHOOL

Experts Report on Survey

The trustees of the Campbell Union High School have employed Dr. John C. Allmack of Stanford University, and Mr. Andrew J. Hill, Jr., of San Jose to serve as expert advisors in the proposed project of building a new high school plant. These men have already spent considerable time in studying the situation and have made a preliminary report to the board, part of which follows:

Does Campbell Union High School District need a new high school building?

In attempting to find out whether Campbell Union High Schol District needs a new high school building or not, the first thing the survey committee did was to examine the existing plant. This was looked over carefully and scored on a high school building score card commonly used in surveys, prepared by Professors Strayer and Engelhardt, Columbia University, New York.

A total of 1000 points is taken as a perfect score and this total is distributed out among the 147 items. Scores should be interpreted as follows:

1. 900-1000 means a highly satisfactory building in almost all respects.

2. A score between 700 and 900 indicates a fairly satisfactory plant.

3. A building scoring between 500 an d700 is in need of extensive alterations and repairs.

4. A building scoring below 500 is in general very unsatisfactory, and in most cases, should be abandoned. It is usually not possible to reconstruct or repair such a building except at an excesive outlay of money.

The total scores given the Campbell Union High School building is 397 points. This score is considerably below the point where it pays to remodel and repair. The best solution is to put up a new building.

The porportions of most of the rooms are poor. The ceiling height of the basement rooms is too low. Three of these rooms are a little longer than is desirable for the width. In other words they should have been made of standard width. They will not accommodate a sufficient number of pupils to make it possible to maintain standard classes. As a consequence, most of the classes are too small. Inasmuch as most of the costs of schools consist in teacher's salaries, and the costs per pupil are dependent upon the number of pupils each teacher teaches, it may be seen that it is poor standard classes.

No one knows exactly how large a class ought to be. The practice is to limit high school classes to thirty pupils except in certain fields such as physical education and music. Smith-Hughes classes are limited by the regulations to 20 pupils. It will also be impossible to prevent having some classes larger than standard and some classes smaller than standard. Nevertheless, it is felt that the small classrooms in the Campbell high school building unduly limit the size of the classes with the effect of increasing maintenance costs and reducing efficiency.

A check of the toilet and lavatories shows that the number of both is insufficient. The lack is very serious in case of toilets urinals. hTe tilets in the old elementary school are too far off to be accesible.

A study of the daily program shows that all the rooms are in use constantly. This condition not only prevents flexibility in scheduling classes but calls into use rooms for purposes for which they are unsuited. The need or rooms also limits the curriculum. A few pages further on a table is given showing the number of minutes given to the various subjects, together with suggestions for new courses. At this time, we want to mention that if rooms and equipment were at hand it would be well to extend the course of study in music, domestic science, industrial arts. More room is needed to care for more subjects.

A study of high school attendance shows that a rapid growth has been and is taking place. Only one high school in the county has made more rapid increase in the seven years since the Union District was effected. If growth continues at the rate of the past, it will at once be necessary to provide additional room to take care of the new pupils.

Two points should be mentioned concerning the growth of high school districts adjacent to or in the immediate vicinity of Campbell. First, all of these schools are increasing rapidly. This indicates that the same causes are operating to bring about growth in all these areas and is a good sign that the growth in the Campbell district is not temporary or sporadic. The second points is that all of the surrounding districts now have good school buildings. It will be both to the credit and to the advantage of the Campbell district to keep up with its neigbors.

In answer to the question, "Does the Campbell Union High School need a new schoolhouse?" the answer is "Yes". The reasons for this answer are:

1. Th existing plant is inadequate and in bad condition. It scores only 397 points out of a possible 1,000 on a standard score card.

2. The classrooms are so small and so unsatisfactory as to prevent the organization of standard sized classe and uncessarily enchance the costs of maintenance.

3. The district compares unfavorably wtih the other high schools of the county in the provisions it is making for its students. It ranks at the bottom of the list in its building investment.

4. The program and the curriculum is considerably restricted by the lack of proper facilties.

5. The high school attendance is incraesing at a very rapid rate. Only one school in the county has grown faster since the date of the organization of the district.

Talented Child Artists To Perform at Campbell

Benefit St. Lucy's Church Building Fund

A delightful treat is in store for the Campbell people and outlying districts in the appearance on Thursday, March 24, of the nationally recognized child artists Joan Halamicek, nine years old, violinist and Jeanne Halamicek, eight, dramatic soprano. This musicale is for the benefit of St. Lucy's Parish building fund.

Incidentally these baby musical artists who performed in some 200 concerts in leading cities all over the United States have been everywhere received with great ovation. Their success in the musical world dates back several seasons when at the respective ages of 5 and 6 these prodigies made their debuts in Chicago, where they entertained some of America's keenest critics and music pedagogues.

Last summer these little artists were tendered a banquet in the Gold Room of the Congress Hotel in Chicago and their concert at the Great Northern Theater there drew a capacity house. On their tour west along the Santa Fe ,the talented youngsters enjoyed many unique experiences, such as serenading the Indian children in Arizona and New Mexico in return for their hand painted pottery.

Since their arrival in California their performances have established a warm spot in the hearts of their listeners, and their return engagements every where draw packed houses. They have unsolicited engagements all along the coast. A unique feature of the concert will be that some of the vocal numbers and several of the accompaniments are the composition of their grandfather, Josef Halamicek, doctor of music from Vienna, and internationally recognized composer, now on the faculty of the San Jose Institute of Music, and head of the Campbell School of music.

Joan, internationally known as the "miracle child," is conceded a wonder of the age and the youngest violin artist on the concert stage. The remarkable feature of her genius is the realization of all requirements that make up an artist. He rmemory has no limit. Most of the repertoire is composed of concertos and sonatas and masterpieces requiring from 20 to 40 minutes execution. "The tone she draws from her violin," quoting a New York crictic," would be a pronounced feature for a performer three times her age.

Miss Jeanne, the gifted singer, called "Baby Nightingale," has a manner, pathos, magnetism, and interpretation which readily captivates her audience. The opinion of several opera stars who are interested in her future is that her remarkable rendition cannot be surpassed by adult artists. Her repertoire contains about forty compositions with airs from grand opera, light opera and semi classics. She sings with perfect ease in four languages. The programwill be given in many changes of costume and will be of a variety to please everybody, including light comedy sketches and original novelties.

The "miracle children" will be assisted by Miss Miriam Blaine, piano soloist.

DR. KNOLES TALKS RUSSIAN CONDITIONS

Great indeed was the privilege accorded us of hearing a man of the ability and standing of Dr. Tully C. Knoles speak on a subject such as he did Saturday evening, "Whither, Russia?"

Being a teacher of history but first and above all a profound student and observer of history in the making. Dr. Knoles is unusually well fitted to speak authoritatively on the political history of almost any of the larger countries of the world. Having had the pleasure of spending some time in Russia last summer with a group which enabled him to meet and talk at length with officials high and low, with peasants and former aristocrats he acquired his knowledge first hand. Following its acquistion he had so ably condensed it and made it understandable to the average mind that it was a pleasure and privilege to hear him, and he will always find an eager audience whenever he comes.

HI PLAYERS PRAISED FOR PERFORMANCE

Another successful high school play has gone into the annals of the schools history with the production of "Charley's Aunt" which was presented Friday evening to a large and appreciative audience.

Although this play has been given several times in neighboring towns, both on the legitimate stage. As a movie it seems to be perennially popular and the group who had been selected to present it here was happily chosen.

The play is locate din Oxford England, among a group of students, their friends and relatives.

The cast in order of appearance follows:

Characters in the order of their appearance.

Jack Chesney.....Elwood Swane
Brassett .....Jay Nishida
Charley Wykham.....Geo. Mattos
Lord Fancourt Babberly.....Cecil Cutting
Kitty Verdun .....Frances Studebaker
Amy Spettigue.....Beryl Peterson
Sir Frances Chesney.....Earl Freitas
Stephen Spettigue .....Kenneth Downing
Donna Lucia D'Alvadorez.....Elsie Swanson
Ella Delehay.....Elsie Merrill

The parts of the two young men were successfully filled by Elwood Swane and George Mattos, and those of the young ladies upon whom they centered their affections were equally so by Frances Studebaker and Beryl Peterson respectively.

Brassett, Jack Chesney's man was capably portrayed by Jay Nisihida and Earl Freitas both looked and played the part of a middle aged father very successfully.

The other female characters, Donna Lucia D'Alvadores the real "Aunt," and Ella Delahy the unknown capturer of the affections of lord Fancourt Babberly found good mediums of expression in Elsie Swanson and Elsie Merrill.

The part allotted to Kenneth Downing was not an easy one to fill, decidedly the reverse, but he carried it out very consistently and true to tpye.

The play is written around the character of Lord Babberly, who poses as "Charley's Aunt" and the success of that part "makes or breaks" the play. From the comments and praises heard on every side it was clearly apparent that Cecil Cutting had made a grand success of it. His work certainly merited the general approval.

No dramatic evening is complete without music and the numbers furnished by members of the high school band under the directions of A. A. Thielke added materially to the pleasure of the entertainment.

In any successful production there are always a number of workers whose labors are evident while they themselves do not appear. In this instance that corps included.

Coach .....T. A. Cutting
Gen. Mgr.....D. H. Cramer
Publicity .....
Miss Verna Darrow & Students
Ushers .....Junior Boys
Tickets and Senior Adviser.....Arthur Wegel
Costumes and Make-up.....Claribel Boesch
Scenery .....Kitty Johnson
Stage Mgr.....Merle Gardner
Stage Dir.....W. E. Whitney
Musical Director....A. A. Thielke
Adv. Mgr. .....Hervey Voge

Only the ushers appeared Friday night, but to these "unseen" is due a generous share of the praise.

The most remarkable part of the performance was the prompt rising of the curtain and the brevity of the intermissions, for which the audience was particularly grateful—except perhaps those who came late. People have so fallen into the habit of expecting an amateur performance to begin half an hour after the time set, that they would hardly believe that they were attending an amateur performance when they saw the lights go out.

NEW HIGH SCHOOL MASS MEETING CALLED

Campbell Chamber of Commerce met in regular session Monday evening. Following the reading of the minutes, the meeting was turned over to the high school board and experts for the presentation of the coming bond issue.

Dr. A. B. Townsend, clerk of the board stated that the board that had made a study of the matter had reached the decision that a new high school building and larger play grounds were a real necessity. The present building has passed the stage and the district is growing so rapidly that the limit capacity has been reached. But one other high in the county has grown in numbers in a greater percentage than Campbell. Campbell high school district is also one of the wealthiest districts outside of the larger cities of the county. Judging by the past growth it is conservatively estimated that in ten years of enrollment will be almost doubled.

Dr. Allmack of Stanford and, Andrew Hill of San Jose have made a survey and made a preliminary reprot in support of a new school.

A mass meeting at the auditorium has been called for March 25 when a more extensive and thorough explanation of the building program and plans will be discussed.

Herold Morton gave a very interesting and enjoyable movie display of some of Campbell's prominent old settlers and Kiwanis members. These with views of doings of Old Settlers day make an interesting record and real publicity feature for some future date and Herold is deserving of hearty thanks for his enterprise. It brought out a big attendance at Chamber session.

KIWANIANS LO IRISH JOKES AT LUNCHEON

With Abie Gilson handling the cleaver everything was clean cut at Kiwanis lunheon. Irish jokes were all the rage and begorrah they were good. It was suggested that some of the boys were better than they told.

Annette Merrill and Wilhelmina LeGrand assisted at serving.

Dr. Merrill and Herold Morton favored the club with special Irish songs.

Many compliments have been handed Herold Morton for his fine display last week of movies of Club members and old settlers.

Leon Miller will beat the tom-tom next week and make the boys dance to his music. Lon Cleveland will give a talk on "Business Ethics." Attendance contest is on and already some of the fellows are telling what they want to eat at that stag dinner.

HARVEST SUPPER AT GRANGE TUES.

The Regular meeting of Orchard City Garnge will be held on Tuesday evening, March 22. All members are urged to be present as a large class of candidates will be given 3rd and 4th. degrees.

At 6:30 a Harvest Supper will be served—the following menu may be of assistance to those not yet reached by the committee. Meat pie, containing meat, onions, carrots and potatoes, size 2 quarts. Sliced pickled beets, cold slaw, jellies, olives, and layer cakes. Sandwiches must accompany every dish.

SPRING'S HERE, CLEAN UP!

Now is the time for all good men to come to the aid of their premises.

One can't resist the impulse to clean up a little at the call of spring.

Rubbish, refuse and unsightly material lying around the house, office, shop or store, suggest the idea of getting rid of "dead stuff."

Springs means life and activity, and anything that does not fill a purpose—that does not suggest a real need—is dead stuff more or less.

There is always a place for dirt, but seldom an excuse for dirtiness.

When a new car is bought, a new home is moved into, or a new store is remodled, there is sure to be some scrubbing; all because the housewife or proprietor has entered a new life or a new location of business.

The spring of the year is really a new phase of life; every person is born again in the beautiful springtime; we all feel it.

The sap begins to rise; hibernating creatures stretch and crawl; the spring flowers life their heads toward heaven; the blood flows purer; the air becomes bracing.

It's time to stretch up, look up, clean up and life up and out of the way anything and everything that has no longer reason for intrusion upone one's sense of cleanliness.

Back yards, front yards, under the "bureau," over the mantel, behind the counter, out in the street,—nothing is overlooked by anyone who believes in keeping things ship-shape.

We're going to have a host of tourists here in Campbell this season; so let us prepare for them by presenting a cleanly and neat appearance, individually and municipally.

The first impression lasts; the first and foremost sight to the stranger is unsightliness; and one of the first marks of self-respect to the local resident is cleanliness.

It is not alone for the strangers eyes, but especially for our own sakes, that we should keep Campbell clean.

As the town wit says, if cleanliness is next to Godlines, then filthiness looks like the devil!

Spring's here, clean up!

"The brain was made to think with, but the pocketbook does form most of the opinions."—Shreveport Journal. And the pocketbook was made to keep money in, but the brain causes most of the emptyings.

The romance will be all gone from history when future Presidents can't claim to have been born in a log cabin, chopped wood, and read law by the light of a pine knot.

PUBLIC SCHOOLS APRIL 25 TO 30

The state committee to have charge of the eighth annual observance of public schools week has been announced here by George L. Jones, grand master of masons of California, the committee being composed of citizens from various communities in the state.

The public schools week ceremonies will be held this year during the week of April 25, including Saturday April 30th.

Charles Albert Adams of San Francisco has been named state chairman and Vaughan MacCaughey, secretary. The other members of the committee are as follows:

Robert A. Odell, Los Angeles: Vierlink Kersey, Los Angeles; Harry S. Lasker, Hollywood; Lee T. Mullen, Los Angeles; Arthur Chamberlain, San Francisco; Fred M. Hunter, Oakland; Roy Cloud, Redwood City; Elias Ellison, San Francisco; Wesley W. Kergan, San Francisco; John B. Beman, Los Angeles; Montgomery Phister, San Pedro.

Fred M. Hunter is superintendent of schools of Oakland, and Roy Cloud is superintendent of schools for San Mateo county.

The same procedure will be adopted this year as last in having the ceremonies held in auditoriums of public schools whereever practicable and open to the general public. Parent Teacher Associations over the state are co-operating to make the week's ceremonies a success.

An accurate description and explanation of the recent invasion of Kern county by mice, which will prevent this strange phenomenon from going down in history as a vague traditional story, has just been published by E. Raymond Hall, research assistant in the department of vertebrate zoology at the University of California. Hall was sent to the scene of the so-called mouse war by the university to study conditions and make a report. This report has been published in bulletin form by the University Press, under the title, An Outbreak of House Mice In Kern County.

The tremendous development of country and surburban life in zones surrounding cities in the United States is accompanied by the rapid growth of new recreational activities among those who seek in country air and surroundings, a toil for the unnatural excitement and environment of city life. As is the case with the Englishman, the American is finding in the practice of gardening an ideal avocation; and interest in gardening is encouraged and intensified by the garden and flower show, which is now one of the chief features on the program of every progressive suburb. Originally fostered by the women, who centered their interest in flowers, the garden show is now attracting the attention of the men, who usually take pride in prizewinning vegetables.

The purchasing power of California eggs may continue to fall unless the product be of such a quality as to command a premium on the eastern market. It might be advisable to raise the heavier breeds of poultry more extensively in this state, in view of the favorable price obtained for the meat breeds since the world war. These are two main conclusions of Edwin C. Voorheis, assistant professor of agricultural economics, at the University of California and associate agricultural economist of the agricultural experiment station, in a monumental study of the California Poultry Industry just issued by the university as Bulletin 13.

San Joaquin valley farmers will be given additional consideration this year by the county and city assessors who, in annual meeting preliminary to the new assessment work, have decided upon a considerable number of reductions in basic valuations. Chickens, wheat, beans, figs and most of the field crops have been reduced, while hogs, rye and oats will be raised slightly. Oil will be raised in value for assessment purposes from 4 to 20 cents a barrel, depending on the gravity.

One hundred thousand tons of fertilizer, valued at over $5,000,000, was used in California in 1926. This is according to a report issued by the division of chemistry of the California Department of Agriculture. The department has listed 93,500 tons with an average tonnage value of $50. It points out, however, that this does not represent the total amount used, for the reason that much manure is purchased from dairies and stables which is not included in this compilation

AFTER THE FIRE

Once there was a man that locked the door of his barn after his horse was stolen. His modern counterpart is the man that hurries to a safe deposit vault after a burglar has stolen his wife's jewels or fire has deslroyed valuable papers. Safe deposit boxes in fire-proof, burglar-proof vaults are available in most of the convenient American Trust offices. The cost is very small.

Town Tales Tersely Told

Several members of the Wm. Bachman family are on the sick list this week.

Mrs. Hattie Dunham is visiting in Madera at the home of her daughter, Mrs. Jack Scott.

"Aerial Biliken" Bartlett has bought the Dr. Stallman property at Campbell avenue and 4th.

Mrs. Theresa Lahiff of Los Gatos has been the guest this week of her friend, Mrs. Carrie Halbrooks.

Frances Smith, daughter of Mr. and Mrs. Stanley Smith is quarantined with an attack of scarlet fever.

Mrs. Mamie Dunphy and Miss Harriet Lunphy of San Francisco spent the week-end at their ranch on Los Gatos Road.

Mr. and Mrs. L. M. Beall and Mrs. Susan Evans and Earl McCune spent the week-end at San Joaquin with Earl's parents.

Dr. and Mrs. W. I. Merrill and Rev. J. H. Bennett went to Pacific Grove yesterday where Mrs. Merrill attended the P. T. A. convention.

J. L. Bond is the latest arrival in Campbell and has purchased through the Curry-Shumway office a building sight in the Hyde residence tract and will soon begin building his new home.

Mrs. C. N. Overgard of Centerville, S. D., and Mr. and Mrs. Dolph Zaager and son, Richard, of Sioux Fals, S. D., who have spent the winter in Long Beach visited Mr. and Mrs. C. H. Whitman on Wednesday.

The religious play, "In the shadow of the Cross" presented by The Wright California Players Wednesday evening at the Methodist church was very effective indeed. Their work is of a high order and the story is reverently portrayed and a spiritual message is conveyed that cannot but be felt by the most heedless one present.

Mrs. J. H. Campbell, Mrs. Jessie Silberbauer and Mrs. J. A. Moore were elected at Tuesday's meeting to represent Ada Rebekah Lodge at the convention at Sacramento May 10th. Following the lodge session, the Stitching Club entertained the members with an "old fashioned" serving club properly costumed, which proved very mirth provoking. An attractive appointed St. Patrick's luncheon was served. Visitors from South Dakota and Minestoa were present.

The C. E. Society of the Congregational church will hold a box social in the church parlors this Friday evening. A cordial invitation is extended to all friends of the church old or young to attend. Each lady is expected to bring a box with lunch for two, to be sold. The proceeds will be used toward buying more song books.

The eighth annual observance of public schools Week will be held at Campbell Union Grammar school the evening of April 25th. Arrangements for the speaker and program are being made by a committee of three, H. C. Smith, C. E. DeSelle and C. E. York. Keep this date in mind and plan to enjoy an entertaining and profitable evening.

Mrs. May Beardsley and Mrs. L. F. Shaw are extended the sympathy of their friends for the death of their brother Charles F. Fleming who lived in San Francisco had been seriously ill for some time previous but had been reported as improving the week before.

Mr. and Mrs. Hugh Nelson who have been here for several months left last week for their former home at Armour, S. D., Mr. Nelson is a plasterer and had been busy most of the time during his stay here.

The Myrtle Gerow house on Harrison Avenue which was purchased recently by Mrs. Lucy Wakeman was moved Wednesday to her lot on Central Avenue north of J. F. Wehmeyer's home.

Mr. and Mrs. Paul D. Cook, who came here recently from Kansas have purchased an acre of the W. C. Bohnett property on Campbell Avenue extension.

FOR SALE BY OWNER

Modern Bungalow 5 large rooms and sleeping porch, all built in conveniences, cement basement, garage, large corner lot on Campbell Avenue and Page Street, Campbell, lot of fruit flowers and shrubbery, house is practically new, will sell for $1000.00 less than cost, terms like rent, see owner Mr. Grim. 131 California Drive, Burlingame. FORTY GIRLS OUT FOR BASEBALL PRACTICE

Forty girls comprising the baseball squad may be seen out on the Campbell High School diamond practicing every Tuesday and Thursday evening after school and Monday, Wednesday, and Friday during the noon hour.

Practice is now in full swing, and a team representing each class, seniors, juniors, sophomores and freshmen will soon be chosen from the squad.

Miss Howes declares that this one ofthe best squads that has ever been out for baseball, and she believes there will be some strong competition among the interclass teams.

Former managers of the sport also believe that there will be some keen competition between the juniors and the sophomores. The freshmen and the seniors are wel presented on the squad, and will undoubtedly form a splendid team.

Julia Ruscingo, Inez Frank, Eva Rose, Aanna and Mary Gurkoviche, Esther Hedegard and Martha Carlson, members of the old school team, comprise some of the best material, having had good experience on an interscholastic team.

DO WE NEED A NEW H. S.?

If you are anxious to know about it, plan to be at the Campbell High School gym on Friday evening, March 25 at 8 o'clock sharp! Mr. Joseph Hancock, county Superintendent of schools will tell you of the laws governing our High School. Dr. Almack of Stanford University will discuss the present status of the schol, giving you highly interesting data on the size, plan, lighting and sanitary conditions as compared with all first class high schools, such as Los Gatos, Fremont or Mt. View school. Andrew Hill Jr., of the San Jose school department, is prepared to give advice as to the best kind of building and building material, proper acreage and placement on same.

Incidentally as it is Girl Night at the "Gym" you will see the girls in their exhibition of Physical Education, also hear the High School Band who will show you what they do with "Band Practice."

You may not, on account of the darkness, be able to step off the four and thirty-five hundredths acres in the present school yard, but you will hear enough to start you into investigating and "stepping off" other high school properties.

Be sure to come. Notify all other taxpayers. The committee in charge can offer you nothing btu standing room after eight o'clock, so come early.

All P. T. A. workers of Grammar and High School are requested to be present. It is your duty in the interest of child welfare.

Church Night for Camp Fires

The Camp Fire Girls will hold their annual Church Night, on March the 20th. The service is to be held at the First Methodist Church, San Jose, Sunday evening. hTe girls are requested to wear middies and skirts. All Camp Fire Girls are urged to come.

The program is as follows:

Dr. Richardson introduces Mrs. Shelley.
Talk—Ideals of Camp Fire—Dorothy Carlson.
Candle Lighting
"Kneel always"—Evelyn Voge.
Work—Lighted by Elizabeth Todd.
Health—Lighted by Lesta Hawerkin.
Love—Lighted by Ellen Perry.
Crede—Ruth Townsend.
Rousseau's Hymn—By all girls.
Trees—A talk by Mildred Cannon.
"Trees" sung by quartette composed of Lena Lindeman, Carolyn Lund, Miriam Blaine and Elsie Merrill.
The three desires given:
Woodgathers—Margaret Dunipose.
Firemakers—Louise Chenowith.
Torchbearers—Mary Hill.
Songs—Lay me to sleep in Sheltering Flame.

Now our Camp Fire is burning low.—Polly Maxon.

Benefit Concert—March 24

DEPARTMENT OF JUSTICE

WHERE FINES GO

"If I have to pay a fine," asked a local citizen the other day, "where does the money go? If I knew that Campbell Township got credit for it, I wouldn't mind it so much."

That question was put to the new "judge," who couldn't answer it with certainty at the time. Since then he has more information, and here it is.

Every year the finance committee of the Board of Supervisors publishes, in a booklet, a statement showing receipts and disbursements for the fiscal year ending June 30. In this report is shown the sums collected by all county officials, including justices of the peace.

If a justice of the peace has collected fees and fines equal to, or more than, the expenses of his office, then his position is paying for itself. But if his office costs more than he collects, then the county is, of course, out the difference.

Our opening question, then, has its answer. Campbell Township will get credit for all fines collected here. Reckless drivers, folks with open mufflers, youths with pipes, tine cans and other noise makers on their cars, who get tagged by local officers and have to appear in the local court, may comfort themselves that their fines help to give the local office a good financial report. So it won't hurt so much.

Mr. and Mrs. Edwin Parker of Crochett and Mr. and Mrs. Frank Mendel of Palo Alto visited relatives here over Sunday.

Mr. T. Mendel who has been at Palo Alto for several weeks recovering from a sever case of shingles returned to Campbell this week.

Rev. and Mrs. Eckles attended services in Campbell Sunday and visited friends. Their former parishioners were glad to see them again.

Mr. and Mrs. Theodore Farrell of Escanaba, Mich., visited with their old time friends, Mr. and Mrs. W. T. Alexander, Saturday on their way to Los Angeles.

Mr. and Mrs. B. Brandenburger and daughter, arrived Friday evening from Lankershim for a visit of several days with Mrs. Brandenburger's aunt, Mrs. A H. Osborn and family.

The former G. E. Stallman house and grounds, corner of Campbell Avenue and 4th have ben purchased by Wm. Bartlett, proprietor of "The Billiken" lunch room and store across from the high school.

Golden State
News of Interest to All

More than $125,000 is to be spent in remodeling the Hippodrome theater at Fresno.

The plans for the proposed American Legion building at Hollister have been accepted by the San Benito county supervisors.

Exeter Lodge No. 424, Free and Accepted Masons, of Exeter, proposes to spend about $40,000 in the erection of a two-story lodge building.

Plans are being prepared for a new church building for the Christian Church of Woodland. It will be erected in Woodland, Yolo county, and will cost about $50,000.

First annual valley flower show will be held in Van Nuys June 3 and 4, according to C. L. Milne, president of the San Fernando Valley Bulb and Flower Growers society.

Yolo plans to join with the other twenty counties of the Sacramento valley under the cognomen of the Twenty-one Counties Association, in its exhibit at the coming Reno Highway Exposition.

Reconstruction of the damage to California's highways resulting from the recent storms, tentatively estimated at $500,000 by R. M. Morton, highway engineer, has been started by the highway commission.

The season rainfall to March 5, at Dunsmuir is 57.08 inches; last season, 30.50 inches. Added to the rainfall, Dunsmuir has had forty inches of snowfall this season as against twenty-two inches of snow last season.

Electors of the town of Ross, Marin county, shortly will be called upon to vote $16,000 bonds for the erection of a new city hall, and $31,500 for a new fire house and cottages for the chief and assistant chief of the fire department.

SIMPLE MIXTURE STOPS GAS BLOATING

Simple buckthorn bark, glycerine, etc., as mixed in Adlerika, often helps stomach trouble in TEN minutes by removing GAS. Brings out a surprising amount of old waste matter you never thought was in your system. Stops that full, bloated feeling and makes you enjoy eating. Excellent for chronic constipation. Adlerika works QUICK and delightfully easy.—Orchard City Drug Co.

Instant hot water at 3 a. m. by turning faucet

Automatic gas water heater brings comfort, convenience

The nearest hot water faucet is always a source of refreshing comfort — with an automatic gas water heater in your home.

It supplies plentiful hot water any time. All you do is turn on a hot water tap for a cupful or gallons of steaming water.

Two kinds of automatic heaters

There is one type of heater called the "Automatic Storage System." It keeps a supply of steaming hot water in the boiler—always ready for use. While another, called the "Automatic Instantaneous Type," heats an endless stream of water at the turn of a faucet. No boiler needed here, for the water heats as it flows through hot coils.

NOTICE
High School Bond Election Notice

Notice is hereby given to the electors of Campbell Union High School District, in the County of Santa Clara, and State of California, that, in accordance with the provisions of the Political Code of the State of California, as set forth in Section 1745 of said Code, an election will be held on the sixth day of April, A. D. 1927, at the High School Building in said Campbell Union High School District, at which time will be submitted to the electors of said Union High School District as one single proposition the question of issuing the bonds of the District and selling the same, for the purpose of raising money for purchasing a high school lot, purchasing and building a high school building, making alterations and additions to high school building or buildings, for insuring high school buildings, for supplying said high school building with furniture and necessary apparatus and for improving the grounds.

The polls will be opened and the election held at the said high school building in said Campbell Union High School District, on the sixth day of April, 1927, and the polls will be open from eight o'clock a. m. of said day until eight o'clock p. m. of said day. W. K. Nichols will act as inspector, and Isabel Anderson and Alda F. Blaine will act as Judges of said election to conduct the same.

The amount of bonds to be issued is $250,000.00 of the denomination of $1000.00 each, and to bear interest at the rate of five per cent per annum, payable semi-annually.

Said bonds are to be numbered consecutively one to 250, inclusive, and are to run, mature and be payable as follows, to-wit:

Bonds Nos. 1 to 5 inclusive, one year from date of issuance;

Bonds Nos. 6 to 10 inclusive, two years from date of issuance;

Bonds Nos. 11 to 15 inclusive, three years from date of issuance;

Bonds Nos. 16 to 20, inclusive, four years from date of issuance;

Bonds Nos. 21 to 26 inclusive, five years from date of issuance;

Bonds Nos. 27 to 32 inclusive; six years from date of issuance;

Bonds Nos. 33 to 38 inclusive, seven years from date of issuance;

Bonds Nos. 39 to 44 inclusive, eight years from date of issuance;

Bonds Nos. 45 to 51 inclusive, nine years from date of issuance;

Bonds Nos. 52 to 58 inclusive, ten years from date of issuance;

Bonds Nos. 59 to 65 inclusive, eleven years from date of issuance;

Bonds Nos. 59 to 65 inclusive; eleven years from date of issuance;

Bonds Nos. 66 to 72 inclusive; twelve years from date of issuance;

Bonds Nos. 73 to 80 inclusive; thirteen years from date of issuance;

Bonds Nos. 81 to 88 inclusive, fourteen years from date of issuance;

Bonds Nos. 89 to 96 inclusive, fifteen years from date of issuance;

Bonds Nos. 97 to 104 inclusive, sixteen years from date of issuance;

Bonds Nos. 105 to 113 inclusive, seventeen years from date of issuance;

Bonds Nos. 114 to 122 inclusive, eighteen years from date of issuance;

Bonds Nos. 123 to 131 inclusive; nineteen years fro mdate of issuance;

Bonds Nos. 132 to 140 inclusive; twenty years from date of issuance;

Bonds Nos. 141 to 150 inclusive, twenty-one years from date of issuance;

Bonds Nos. 151 to 160 inclusive, twenty-two years from date of issuance;

Bonds Nos. 161 to 170 inclusive, twenty-three years from date of issuance;

Bonds Nos. 171 to 180 inclusive, twenty-four years from date of issuance;

Bonds Nos. 181 to 190 inclusive, twenty-five years from date of issuance;

Bonds Nos. 191 to 202 inclusive, twenty-six years from date of issuance;

Bonds Nos. 203 to 214 inclusive, twenty-seven years from date of issuance;

Bonds Nos. 215 to 226 inclusive, twenty-eight years from date of issuance;

Bonds Nos. 227 to 238 inclusive, twenty-nine years from date of issuance;

Bonds Nos. 239 to 250 inclusive, thirty years from date of issuance.

Said election will be held in conformity with the provisions of the Political Code of California governing such elections.

Dated: March 9th, 1927.

"BEN-HUR"

"Ben-Hur," with its magnificent chariot race pictured in a death-defying contest on a vast Circus arena—the knightly Ramon Novarro and the wicked Francis X. Bushman as the opposing heroes—comes into the "Mission" Theater formerly the "California Sunday for one week. Theatergoers greatly enjoyed the stage "Ben-Hur" and vividly remember Bill Farnum, Bill Hart, Emmett Corirgan, Mary Shaw and others of the old casts. 'Twas the most popular stage spectacle ever produced, touring America for twenty-two seasons. Metro-Goldwyn-Mayer, in arrangement with A. L. Erlanger, Charles Dillingham and Florenz Ziegfeld, have made a new and greater "Ben-Hur" in the newer art of the motion picture that out-stops the former achievement even as the wizzard-like powers of the Twentieth Century surpass the inventions of our forefathers.

You see forty-eight horses—twelve teams—start abreast in their mad dash over the seven laps of the Antioch race-course, and you cannot forbear a cheer as Ben-Hur wrecks Messala and forges to the front! Roman and Pirate navies contend in realistic death—grapples on the Mediterranean. The towers and turretts of Zion rise anew. From the exquisite Madonna to The Last Supper and the Procession of Palms, the masterpieces of Art are renacted, often in color. The beautiful love story of Esther and Ben-Hur, a contemporary of the Saviour, dominates the grand spectacle which is characterized by a fine reverence in the sacred part of the portrayals. Among the leading actors are Roman Novarro in the title role; Francis X. Bushman as Messala; May McAvoy as Esther, Betty Bronson as the Madonna, Carmel Myers as Iras; Farnk J. Currier, Mitchell Lewis, Nigel de Brulier, Claire McDowell Kathleen Key, with no less than 150,000 persons in the "support."

Merced county permanent rice growers will be protected from invasion of sedge, white water grass, red stem and red rice as the result of an ordinance passed recently by the county board of supervisors. The ordinance gives the county horticultural commissioner the authority to declare the weeds noxious and provides a way to destroy them. It also gives him the power to prevent the sowing of all seed rice which has not been inspected by him.

Crop prospects for 1927 in this state are excellent, G. H. Hecke, director of the state department of agriculture declares. "There is an abundance of moisture in both northern and southern California, wet years apparently come in cycles. The cycles of dry years probably is passed, and we can look forward to several years of sufficient moisture."

Contracts have been let for preparing more than 2,000 acres in the Wasco district, Kern county, for rice planting.
